

Promax Oil Collection Tank

The Promax Bunded Oil Collection Tank offers protection from leakage and overfilling. With a 110% secondary containment, it provides safe and compliant waste oil storage.

Oil collection tanks are ideal for farms, garages, work shops, takeaways, commercial kitchens, restaurants and other areas where waste oil is likely to be collected.

Features

- Filter Basket - Remove large contaminants.
- UV stabilised LDPE - Tough and durable.
- 450mm Hinged Lid - Easy access
- 110% Bunding - Compliant
- Level Indicator - Fast and visual

Installation Requirements

Waste oil tanks should only be installed on a level, concrete base capable of supporting the tank and its contents.
