

SLIMLINE WATER TANKS

Specifically designed for maximum storage using minimal space, the Promax Slimline Tank will blend discreetly into any environment without taking up valuable room.

With its one-piece construction and inbuilt seismic restraints, the Promax Slimline is the most reliable model on the market. With no joins or welds, this innovative design will not leak or crack and is certified to AS/NZS4020 - Drinking Water Approved.

The Promax Slimline Tank is also available as a Slimline Tank and Pump Combo.

Promax Slimline Tanks

- In-built Seismic Restraint - No posts needed, just bolt to the concrete pad
- PS1 for seismic restraint available - Certified to IL2 (Residential, Commercial & Industrial Buildings)
- 2000L, 3000L and 5000L models include a tidy and discreet in-built pump house
- Low height to meet height-to-boundary regulations
- Certification to AS/NZ 4766 - Polyethylene storage tank standard
- Our new 1000L Slimline Tank is a great option when you require a compact tank for harvesting rainwater for your garden, bach or pool

Promax Slimline Tank & Pump Combo

All the benefits of the Promax Slimline Tank with a pre-plumbed pump system.

- DAB-JETCOM82MPC2 Pump for reliability
- Bianco RAINSAVERMK6 automatic mains/changeover device
- Saves onsite hassle and incorrect plumbing configurations
- 2 year Warranty on Pump System.
- AS/NZS4020 Drinking Water Approved
